East Trash Tuesday (Black Cart)
 West Trash Tuesday (Black Cart)

East Recycling Thursday (Blue Cart)
 West Recycling Thursday (Blue Cart)

Back Alley Compost Pickup Full Town May, June, Sept X 2, Oct

East - means all residences East of Highway 23 and South of Railway Tracks

West - means all residences along Highway 23 (1st Street West) and West

***Please note, for snow removal and street cleaning purposes, carts should be placed on the street by 8 am pickup day and moved back into its regular spot in your yard as soon as possible. We try to avoid grading or cleaning on those days**

For area specific calendar please go to live.carrotriver.ca/garbagecalendar

Town of Carrot River

Garbage and Recycling Quick Reference

From time to time, we are asked to remind residents and business owners of some things you can do to make garbage and recycling collection effective and efficient saving money for the Town, **therefore saving money for all taxpayers!**

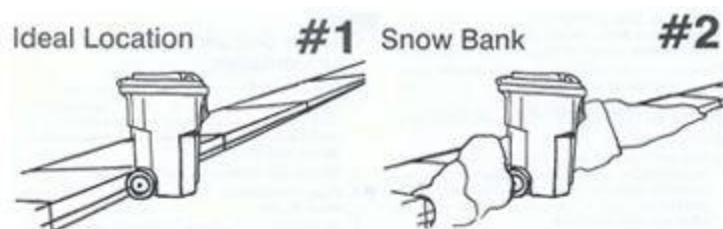

In order to ensure emptying your cart:

- put your cart out before 8 am on your collection day
- put ONLY the cart being collected that day (annual calendar provided and on website)
- Place everything in the cart, DO NOT place anything outside of or beside the cart as it WILL NOT be picked up and it may even prevent your cart from being emptied
- If all of your recycling does not fit in your blue cart, the Town provides a large blue recycling bin at the corner of Railway and First Street West for residential use for FREE
- If all of your garbage does not fit in your black cart, the Town has a transfer station on Birch Road (Town shop yard) for your use for a tipping fee

The annual schedule is available online at live.carrotriver.ca/garbagecalendar and we have paper copies at the Town Office for anyone to pick up for free. We also have a brochure detailing what is acceptable to place in blue recycling bins as well as tipping fees online and at our office for pick up should anyone need

The annual schedule is made and sent with water bills one month prior to the new schedule taking effect. Should you wish to receive a copy of the schedule or brochure to be mailed directly to you when it is ready, please notify us by calling (306) 768-2515 or email t.carrotriver@sasktel.net

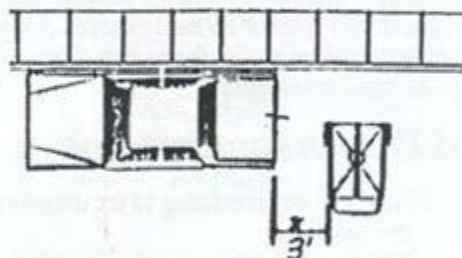

The following examples are the CORRECT placement of your cart, **DO NOT place them on the sidewalk if you have one!** Please remove them from the street as quick as possible on the day of emptying to assist with scheduled snow removal/street cleaning depending on the season

#3

Close to a Parked Car

NOTE: Waste Container must be farther out than car.

#4

Between Two Parked Cars
